Conditions of Business

1. The exhibitor undertakes to accept these conditions on application. The application commits the exhibitor to participate in the fair.
2. **Rental conditions** for stalls differ with each fair, every part of ½ square metre will be calculated as a whole. Prices are quoted on the front of this application form. The price per square metre in the open air for outdoor presentations is 50% of the indoor prices. Prices are exclusive of 20% VAT (for events within Austria), 19% for events within Germany and exclusive of 1% contract tax (for applications within Austria). Each applicant pays an application tax which is listed on the front page. This also applies to any co-exhibitor at an exhibition stall.
3. The fair organizers decide on the acceptability of the applicant. Each event is arranged in accordance with set criteria which are laid down in the conditions of this leaflet. The applicant is obliged to give accurate information as to the format of his or her presentation which has to comply with the overall style of the fair. The organizers are under no obligation to list the participants in the events brochure.
4. **Terms:** 6 weeks before the starting date of the fair. Cancellation fees: 30% up to 6 weeks before the start date from the date of the application, 100% from 6 weeks before the start date of the event. In case of cancellation the contract tax has to be paid (1% of the net stall rental), as this will be paid to the tax office on closure of the contract (which is equal to a confirmation of the order) by the organizers. This fee is non-refundable by the tax office. The prices are quoted as net prices; i.e. without taxes.
5. Applications may be refused by the organizers if it is known that fees for other events are still outstanding or that any kind of insolvency hearing is pending against the applicant.
6. The organizers have the right to cancel the event up to six weeks before the start of the fair. In the case of any disaster beyond the organizers' control shortly before or during the event, the organizers have the right to cancel or interrupt the proceedings. After an appropriate assessment of the situation, any reimbursements will be made either in part, in total, or not at all.
7. Special information about erecting, dismantling and decorating, as well as regulations imposed by the proprietors of the buildings, have to be complied with by the exhibitor. Damages from disregarding the regulations are charged to the exhibitor by the organizer. Regulations specified by the organizers and other enterprises regarding the installation of the stall must be observed by all exhibitors, also the fire regulations and regulations set by the events authorities. In general, only fire retardant materials are permitted. Driving within the exhibition compound is limited, special transport and heavy goods vehicles above 3.5 tonnes have to be registered with the organizers on application.
8. The organizers are not obliged to pay for insurance and are not liable for any exhibits or decorations, except in cases of special concessions that have been made in writing.
9. In cases where the exhibitor intends to advertise his products beyond his stall but within the exhibition area, it is imperative for him to obtain written permission from the organizers. Every exhibitor promises not to impair the presentation work of adjacent exhibitors and the organizers.
10. The organizers are entitled to take photographs or film within the exhibition compound and to give permission to the media to do likewise. The organizers have the right to decide on the use of the exhibition without any limitations.
11. In order to comply with the general character of the exhibition, the exhibitor promises to keep his stall and the area around it in optically good and also in clean condition. Supervision of the compound and the stalls is regulated by the conditions of business. The stalls will not be cleaned by the organizers, but they will be responsible for cleaning the walkways between the stalls. Where the car parks for exhibitors are not combined with the visitors' car parks, they have been separately laid out. We recommend the use of these in order to free up the visitors' car parks. Exhibition passes are not transferable and are only to be used by the stall personnel. Contravening this regulation will entitle the organizers to the full entrance fee, in cash, per each exhibition pass. For up to 6 sqm 2 exhibitors ID's are free of charge, up to 12 sqm 4 ID's per application are free; for every 10 sqm beyond this the exhibitor will receive two more passes. Each further pass will cost € 22.-.
12. The exhibitors agree for the organizers to process the given data regarding businesses and personal data and to pass them on to third parties where this is in the interest of the event (e.g. exhibition catalogue: obtainable by each visitor). Only Austrian law is applicable, the court is in Wels.
13. **Closing date for applications:** 1 month before start date of the fair.
14. **Stall sites:** these will be considered in the order of the application and in accordance with the wishes of the exhibitors. Bankruptcy sales or similar sales will not be permitted out of consideration for the other exhibitors. Installation of the stall: this has to be completed one hour before the start of the fair by the exhibitor.
Dismantling: the stall may only be taken down after the official finish of the fair. This also applies to the removal of the merchandise and decorations, otherwise a fine of € 300,- will be imposed.
Approaching customers: customers may not be approached either at an adjacent stand or at the entrance, at the cash desks or in the free area around the fair, in the interest of all exhibitors. According to the owners of the buildings exhibitors are not permitted to fix nails or screws into the wall or to damage the walls, wood or similar materials.
Size of the stall areas: the organizers prescribe a minimum size (see front page).
15. **The rental fee for wine fairs includes:** side walls to the neighbouring stall (except desk presentations and surfaces less than 6 sqm), rear walls only to the neighbouring stall, floor in accordance with the description laid down in the exhibition information!
Glasses washing gangway: Your own glasses (in a basket 40x40x24cm) as well as the rented glass of Schott Zwiesel will be washed free of charge. Also included is mineral water by Gasteiner (as long as stocks last), all inclusive-stalls (complete stalls): these fair stalls will be completely installed by the organizer and handed over to the exhibitor before the start of the fair. Description of all-inclusive-stalls see front page.
16. **Other conditions:** The sale of products is generally permitted. Free hand-outs and tasting of products to visitors are envisaged. Only registered products can be exhibited and sold. Products which have been nominated for the exhibition catalogue are those which are regarded as part of the programme. Strong smelling cheeses are generally not permitted in the exhibition hall. Exhibitors who display strong smelling cheeses may only be sited in the foyer. If, in spite of this, an exhibitor is in the hall with strong smelling cheese (assessment is made by the organizers), he or she will be re-positioned in the foyer as he had been allocated a place on the assessment of non-smelling cheese. This will be executed either during the fair or even before the fair! The exhibitor is obliged to accept the newly allocated site. If there is no room left in the foyer, it may not be possible to allocate him any other site in the exhibition area. In such a case, he will be reimbursed with 70% of the stall charges.
