BINDING TERMS AND CONDITIONS FOR EXHIBITORS:

1. registration: By submitting an application, the exhibitor accepts these terms and conditions. By registering, the exhibitor undertakes to participate in the trade fair. Registrations "with reservation" are invalid. Deletions, additions and amendments by the exhibitor are invalid! The terms and conditions also apply analogously to ancillary services and additional orders, e.g. advertisements, advertisements in the catalog/magazine, stand construction and dismantling, rental of stand construction materials, provision of electricity, water and other facilities. Application deadline: 1 month before the start of the fair. **2. stand rental conditions** are different for each trade fair, each ½ m² started is charged as a whole. Please refer to the prices on the front of this registration form. The price per m² in the outdoor area for outdoor presentations (if not shown separately) is 50% of the tariff for in-line stands. For two-storey stands, an additional 50% of the stand area rate will be charged. A binding registration fee (see front page) is charged per exhibitor. The co-exhibitor fee is binding for each co-exhibitor on the booked exhibition space! Co-exhibitors are all companies in which the exhibitor completing the application (invoice address) does not have a percentage share. **2.1** Should the consumer price index rise by more than 6% between the date of the invitation to tender for the trade fair (status of the GTCs on page 3 bottom right - last line) and the actual date of the trade fair, the organizer has the right to automatically adjust a corresponding equivalent price increase, whereby the adjusted prices are thus automatically deemed to have been agreed. Example: In the event of a 6% increase in the consumer price index, all rates will increase by 6%! The exhibitor has the right to withdraw from the contract within 7 days of written notification of the general price increase without cancellation fees. **2.1.1** Should an index adjustment or, for example, an increase in the energy price index only occur in individual areas by more than 6%, such as electricity consumption, stand construction materials or exhibition carpets, the rates will only be increased accordingly in the areas affected. The exhibitor has the right to cancel the products or services associated with the price increase within 7 days of the written notification of the price increase for individual products or services without incurring a cancellation fee. The entire contract (registration for the trade fair) itself shall remain in full force and effect. (Point 2.1 and point 2.1.1 have arisen due to the current difficult times of crisis and the fact that organizer rates cannot be planned in advance, where rates must be announced many months or up to one year in advance) **3. All taxes, fees and charges**, in particular VAT, legal fees and advertising fees, shall be borne by the exhibitor. All prices quoted are net prices. **4. terms of payment:** 6 weeks before the start of the fair. Invoices issued after this date are due immediately! In the event of late payment, interest of 12% p.a. will be charged. Timely payment is a prerequisite for the handover of the allocated stand space. In the case of registrations shortly before the trade fair, proof of payment must be provided by the organizing bank with the title "Transfer completed" or "Paid". The exhibitor is not entitled to withhold payment of due invoices, to refuse payment or to offset them against counterclaims of any kind whatsoever. In the case of exhibitors who have already been known to the organizer in the past for poor payment behaviour in the case of subsequent invoicing (surcharge for electricity, advertising opportunities, redeemed admission tickets, ...) or otherwise, the organizer is entitled to demand the complete area invoice and an additional processing fee of € 1000,- net, to be credited to the organizer's account no later than 6 weeks before the start of the trade fair! After the final settlement with the exhibitor, the difference will be refunded or any outstanding amount will be charged to the exhibitor. **5. lien:** With regard to any outstanding claims of the organizer against the exhibitor, the organizer has a contractual and statutory lien on the items brought into the exhibition stand by the exhibitor and the exhibition stand including equipment. It is not necessary to initiate legal proceedings to exercise the right of lien. The organizer is entitled to carry out the aforementioned seizure options without prior notice at the exhibitor's expense and to sell the items at normal market prices. The proceeds obtained will be set off against the outstanding claim. **6. Cancellation conditions:** 50% up to 12 weeks before the start of the trade fair, 100% from 12 weeks before the start of the trade fair. The exhibitor acknowledges that the cancellation fee must also be paid if the organizer succeeds in renting or selling the exhibition stand to a third party. The cancellation fee is due in accordance with the cancellation invoice. **7. the organizer** reserves the right to hold the event up to 3 weeks before the start of the event in the absence of "force majeure". If the event is canceled by the organizer, all invoices already paid to the organizer will be refunded to the exhibitor by the organizer. **8. Cancellation of the event due to force majeure. 8.1 Definition of "force majeure"** for the binding terms and conditions at CMW trade fairs: Force majeure includes: strikes, political events, epidemics, pandemics such as: Infectious diseases, natural events, fire, delayed or missing official approvals, legal changes, terrorism, energy supply restrictions, official decrees, official event bans, official orders or in the event of new official requirements which were not originally known when the event was advertised and which therefore worsen the event economically or no longer allow the event concept to be implemented in an equivalent manner, due to a decision by the organizer due to requirements which can no longer be planned in advance and due to possible expected official requirements which, among other things, may affect visitor frequency and/or lead to a corresponding negative economic development for exhibitors, or if the grounds are not available on the date due to unforeseeable events, or other important reasons that are beyond the Organizer's control and thus make it unreasonable or impossible to hold the event. **8.2 In the event of force majeure (see 8.1)**, the organizer is entitled to cancel the event at any time from the time of the exhibitor's registration until 7 days before the event. If necessary, the organizer has the right to terminate all contracts in connection with the registered event without giving reasons. If the organizer is able to offer exhibitors an alternative date for this event in the same city or in the vicinity of the event venue within the next few months, the contract (exhibitor's registration) shall remain valid in full. Invoices already paid will automatically be credited to the

exhibitor for the new date. The exhibitor shall not be entitled to any compensation or right of withdrawal. Should it be impossible for the exhibitor to attend the alternative date for justified reasons, it shall be the sole responsibility of the organizer to assess this reason, whether the contract shall be terminated without cancellation costs and the invoice for this event paid by the exhibitor up to this point in time shall be refunded to the exhibitor, or the registration and thus also invoices already paid shall be postponed to the following year. The exhibitor shall not be entitled to any compensation. If no alternative date can be arranged, the exhibitor shall be reimbursed for all invoices for this event that have already been invoiced to the exhibitor by the organizer and paid by the exhibitor. The exhibitor shall not be entitled to any further compensation. **8.3 In the event of force majeure (see 8.1) from 7 days before the event**, as well as during the event, the organizer shall be entitled to cancel the event during the set-up period, as well as during the event, to interrupt the event or to close it completely until the end of the event. No claims of any kind can be asserted by exhibitors as a result. The organizer is generally free to decide whether exhibitors are to be reimbursed a share of the costs incurred, and is not obliged to do so in any way vis-à-vis the exhibitors, as the coverage of costs already incurred must be clarified in advance with suppliers, partners, ... and their associated concessions. In this context, should a refund be made, only the portion of the remaining duration of the event after deduction of the basic costs will be taken into account for evaluation. The assessment of a possible refund will be made exclusively by the organizer. **8.4 In the event of force majeure (see 8.1)**, the event contents described in the exhibitor information, e.g. advertising steps, supporting program, focal points, etc., may be changed by the organizer without prior notice due to current circumstances. The exhibitor is not entitled to any compensation. **8.5 In the event of force majeure (see 8.1)**, the organizer has the right to adjust the binding terms and conditions accordingly at any time. Exhibitor's right: In the event of a change to the binding terms and conditions, the exhibitor has the option of withdrawing from the contract within 30 days of written notification of the new terms and conditions, without further justification and without incurring cancellation fees. The exhibitor is generally not entitled to any compensation. **9. admission & stand allocation:** The organizer is responsible for accepting the registration. The organizer reserves the right to reject the application at any time without giving reasons. Registrations may also be rejected by the organizer if the exhibitor or the exhibitor's products do not correspond to the exhibition profile, if outstanding claims from other events are known, or if settlement or bankruptcy proceedings have been initiated against the registering exhibitor. The organizer alone shall decide on the allocation of stand space. The organizer may change the stand allocation at any time in the interest of the trade fair. The organizer generally does not grant exclusive rights to an exhibitor for its products/services. **10. customer interception:** The interception of customers outside the exhibition space booked by the exhibitor, e.g. in the aisle, at the neighboring stand, at the entrance door, at the cash desks or in the outdoor area of the exhibition, is prohibited for the benefit of all exhibitors. In the event of non-compliance, the organizer will issue a one-time warning. In the event of repeated customer interception, the organizer has the right to block the exhibition space booked by the exhibitor for the entire duration of the fair. In this case, the exhibitor will not be refunded any costs. The general interest of the event must be observed. **11. exhibitor quality assurance:** The exhibitors at the trade fair must match the trade fair theme! Only in special cases can the organizer allow an exception. The exhibitor's service/product must be legally approved in Austria! The exhibitor undertakes to find out for himself whether the goods he is selling or the services he is providing are authorized under Austrian law (product liability, Medicines Act, etc.) and whether all regulations under customs law are complied with. By signing the registration form, the exhibitor guarantees that he has the legal and technical competence for the services and products offered for Austria. **12. listing in the list of exhibitors:** The listing in exhibitor directories or other advertising products is not a binding responsibility of the organizer. The organizer accepts no liability for printing errors, formal errors, incorrect allocation, non-inclusion etc. in the list of exhibitors and reserves the right to selectively summarize terms, texts and multiple mentions of subject categories. Incorrect or missing listings cannot be deducted from any invoice. By registering, the exhibitor agrees to the voluntary publication of the company data provided in the exhibitor data section for the entry in the exhibitor directory (online & print), as well as to the disclosure of this company data, together with the additional data provided on the products and services offered, to third parties in the interest of the event, e.g. online exhibitor directory, tasting catalog (printed exhibitor directory), hall plans (print & online), exhibitor directory in print & online media. The data will remain accessible to the public for up to three years after the event in the online list of exhibitors and in the online hall plan. The printed media will be passed on to third parties. The data is therefore accessible to the public for an unlimited period of time (further information can be found in the privacy policy). **13. sale & tasting of products:** A free tasting to trade fair visitors is planned. The sale of products is generally permitted. Only registered products may be exhibited & sold. The products listed by the exhibitor in the list of exhibitors are considered to be part of the exhibition program. Bankruptcy or other sensational sales in favor of other exhibitors will not be tolerated. **14. sale of foodstuffs:** The hygiene regulations for the sale of foodstuffs must be complied with in accordance with Austrian law. The exhibitor is obliged to inform himself about the regulations that apply to him. The sale of food and beverages for consumption at the trade fair (catering or gastronomic services) is not permitted on all exhibition grounds due to catering (exclusive) rights. Please ask in writing whether the sale of food & beverages for consumption directly on site is permitted by the exhibition grounds operator. The sale of food and beverages to take away is generally permitted. **15. Set-up and dismantling times:** The set-up and dismantling times announced by the organizer must be adhered to. Should a special solution be found so that

exhibition & stand construction goods can remain in the hall for longer, the costs incurred by the building owner, as well as a handling fee, will be charged to the exhibitor. **16. Set-up:** The stand must be completely ready for occupancy by the exhibitor up to 1 hour before the start of the fair. If the rented stand space is not occupied by 2 hours before the start of the fair or if the organizer has not been informed of a later set-up, the organizer reserves the right to dispose of the space in another way from this time onwards without informing the exhibitor. If in this case the exhibition space not occupied by the exhibitor has to be decorated, these costs will be charged to the exhibitor additionally. The exhibitor is not entitled to a refund of invoices already paid. **17. Dismantling:** The exhibition stand may only be dismantled after the official end of the exhibition. This also applies to the removal or removal of decorations. Otherwise a fine of € 500,- is to be expected. **18. stand constructions:** Minimum stand height 2.5m. No roll-ups, spider walls, etc. shall be considered as partition walls to the neighboring stand. Every exhibitor undertakes to design his stand attractively! Higher stand constructions are only possible after submission of construction plans & a written agreement with the organizer. Stand constructions that are over 2.5m must be neutral white & visually appealing on the back of the neighboring stand. Advertising on the rear of the stand over 2.5m on the exhibition wall is not permitted. Damage resulting from non-compliance will be charged to the exhibitor by the organizer. The owners of the buildings are not permitted to attach nails or screws to the walls of the buildings or to make any other damage to the masonry, wood or similar. Electricity and water may only be ordered via the organizer, who only allows licensed companies. Fire protection and event regulations must be complied with. Special permits can only be requested in individual cases from the responsible authority via the organizer in good time (approx. 8 weeks before the trade fair). A positive approval is always dependent on the decision of the responsible authority. Driving on the exhibition grounds is sometimes only possible to a limited extent, depending on the grounds; special transports and trucks over 3.5 tons must be registered by the exhibitor at the time of registration. Driving into the exhibition halls is only permitted with a special permit. Vehicles must be registered in writing with the exhibition management before entering the halls! Failure to do so may result in the fire alarms being triggered, as they cannot be switched off in advance without prior notification. The resulting costs incurred by the fire department must be borne in full by the exhibitor! Hydrants, fire extinguishers, electrical switch boxes, gas shut-off valves and escape routes etc. must not be obstructed or impaired. The use of naked flames, candles, liquid gas, welding equipment and spark-generating machines is strictly prohibited in the halls. Decorative material for the exhibition stands must comply with fire regulations (flame-retardant). **19. Liability & compensation for damages:** The organizer is not obliged to take out insurance and accepts no liability whatsoever for exhibition or decorative items etc. The organizer is not responsible for bad business of the exhibitor! No insurance is included in the stand rental. **20. advertising by the exhibitor in or on the exhibition grounds:** If the exhibitor also intends to advertise his products outside his stand area within the exhibition grounds, he must obtain the written consent of the organizer. This consent is subject to a charge. Each exhibitor undertakes not to interfere with neighboring exhibitors and the organizer through his presentation. **21. Filming and photography:** The organizer is granted the right to photograph and film on the event grounds, as well as to commission media and companies to do so and to use the image recordings for its own or general publications. In this context, the exhibitor waives all objections arising from industrial property rights, in particular copyright and the Unfair Competition Act (UWG). All exploitation rights are the unrestricted responsibility of the organizer. **22. cleaning, parking spaces, security:** The exhibition stand will not be cleaned by the organizer. Only the aisles between the exhibition stands will be cleaned. The disposal of construction waste or remaining stand construction material after the trade fair will be charged according to the valid rates (cleaning and waste disposal) of the trade fair. Exhibitor parking spaces, if not shared with visitor parking spaces, are always specified separately. Hall and site security will be provided at the discretion of the organizer. **23. Special events and demonstrations:** All types of special events & demonstrations on the stands or on the exhibition grounds require the written consent of the organizer. Despite prior approval, the organizer is entitled to restrict or prohibit demonstrations that cause noise, dirt, dust, exhaust fumes, etc. or that disrupt the trade fair in any other way. Acoustic or audiovisual presentations on the stand must be organized in such a way that the noise level does not exceed 40 dBA measured at the stand boundary. If, at the request of the trade fair

management, a noise level higher than the permitted level is not immediately stopped, the trade fair management reserves the right to take appropriate measures - if necessary, to close the stand. Registrations with AKM must be made by the respective companies themselves. **24. The rental price for exhibitors with wine, distillates or beverages** includes rental glasses in baskets, glasses, mineral water (all while stocks last and against a deposit). **25. Additional conditions for gourmet exhibitors:** Cheese, salami, Leberkäse or other foods with an odor may generally not be exhibited in the large hall. Exhibitors offering food with an odor can only be placed in the foyer between Forum 1 & 2. Should an exhibitor with odorous foodstuffs (assessment by the organizer) nevertheless be in the hall, this exhibitor will be relocated to the foyer by the organizer during the fair or before the fair! Areas in the foyer can be on the upper or first floor. The newly allocated space must be accepted by the gourmet exhibitor. If no more space is available in the foyer, the exhibitor may not be offered a presentation area for this trade fair. In this case, 70% of the stand fees will be refunded. **26. exhibitor passes:** The passes are non-transferable, subject to a charge & only for the exhibitor's own stand personnel! Up to 6m² 2 exhibitor passes, up to 12m² 4 exhibitor passes per registration are free of charge, for each additional 10m² the exhibitor receives 2 additional exhibitor passes. Beyond this, each additional exhibitor pass costs Euro 40. In case of violation, the organizer has the right to collect the full entrance fee per additional exhibitor pass in cash. **27. House rules:** The house rules of the respective venue must be followed. **28. advertising:** The advertising steps for the event specified by the organizer in the invitation to tender can be changed at any time if necessary. **29. General provisions:** Verbal collateral agreements are invalid. Amendments, supplements and additions must be made in writing and countersigned by the organizer. The invalidity of individual trade fair conditions for whatever reason shall not affect the validity of the remaining provisions. The contract shall therefore not be terminated. **30. place of jurisdiction:** Austrian law shall apply exclusively; the place of jurisdiction shall be the competent court for Mondsee.

DATA PROTECTION DECLARATION

1. personal data collected from the exhibitor or transmitted by the exhibitor may be used for the fulfillment of the business purposes of Messen CMW Peter Lindpointner GmbH & CO KG within the framework of the statutory data protection regulations. 2. the exhibitor agrees to the listing in the exhibitor directory of the trade fair (online + print) and the publication of the data provided in the interest of the event, e.g. in the online exhibitor directory, trade fair guide (printed exhibitor directory), hall plans (print & online), exhibitor directory in print & online media.
